Issue 31 8th October 2021

Message from Mrs Scott

Welcome,
We have had another fabulous week. For me, lunchtimes this week have really stood out as representing everything we strive to be at Borders Partnership. Our older pupils are demonstrating how supportive and caring they are; by sitting with our younger pupils and talking to them about their day, helping them with their lunches and generally being amazing peers. It is a joy to see.

You will also have seen the letter sent out yesterday enhancing the measures taken should there be a Covid outbreak in our school.

Best wishes,
Mrs Scott

E Safety

With such a wide range of online access that children have, taking steps to protect them is so vital. ThinkUKnow has a great guide on how to add parental controls to online devices. Please use the link below to visit ThinkUKnow. There is a wealth of guidance on the website:

<https://www.thinkuknow.co.uk/parents/articles/Parental-controls/>

Nasal Flu Vaccine

This was successfully administered on Wednesday. Thank you for supporting this initiative we had a really high number of children that were vaccinated this year. The Vaccination team will not be returning to the school so if your child missed out on this and you would like them to be vaccinated you will need to contact your medical surgery for advice on where you can go to get this done.

Year 6 visit

The children in Year 6 visited Hobart for a Maths Coding morning yesterday. It is so nice that the children are able to go on trips again. Mrs Carter accompanied the children and was really proud of the way the children behaved. They were excellent ambassadors for Glebeland.
Now that the children are beginning to go out and about again it is more important than ever that the children are wearing the correct school uniform ie a red sweatshirt or red school cardigan. This helps with identification when the children are working with groups from other schools. And they look really smart!

Awards this Week

CITIZEN OF THE WEEK

Laurence and William D for being responsible in their roles as cloakroom monitors
All of Year 6 for being excellent representatives
Ava-Grace for working really hard and making excellent progress
Torben for being thoughtful and polite in his words and deeds

STAR OF THE WEEK

Sophia W for eating her lunch in school
Junior for writing an excellent story
Billy-Joe for his enthusiasm and great contributions in Science lessons
Sebastian for telling an amazing story

THIS WEEK IN CLASS

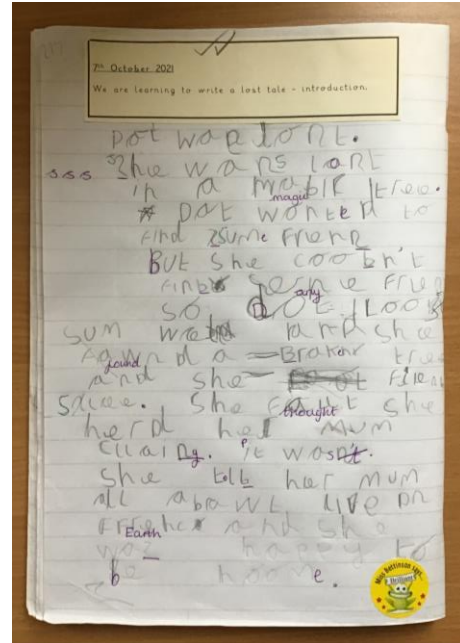

ROBIN CLASS

Robin class have been pond dipping during outdoor learning this week. We found some Whirligig beetles, phantom nymphs and fly larvae!

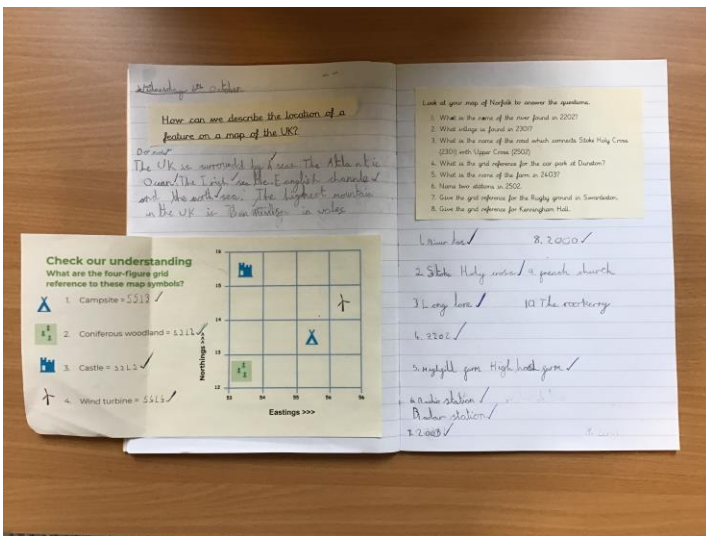

WOODPECKER CLASS

Woodpecker class have had a very enthusiastic week in English - they have LOVED writing their own story about a character that gets lost. Here is one of Miss Bettinson's favourites although it was very hard to choose!

STARLING CLASS

In Geography this week, we have been learning to describe the location of places on a map of the UK using 4 figure grid references

RED KITE CLASS

This week, Red Kite class have been looking at how scientists use 'branching databases' to classify living organisms. After researching how to use the databases, the children made their own in order to sort a range of creatures.
