Message from Mrs Scott

Welcome

It has been another wonderful week across the Borders Partnership. Please take a look at all the wonderful work your children have been doing this week.

Best wishes,
Mrs Scott

Thank you!

We would like to share our gratitude to Mrs Molloy who has donated a beautiful set of Wildlife books to our library. This is a wonderful start to our drive in improving the range and quality of reading books available to our children. Many thanks

Football

As the field is understandably muddy at this time of year it is ESSENTIAL that the children bring in a set of old clothes and trainers to change in to when playing football at lunch time please.

This Week's Awards

STAR OF THE WEEK

Ava-Grace for making good choices and working hard in English lessons
Jessica R working hard in all of her assessment tests
Sophia for always being kind, sharing and taking turns
Tallulah for making super bridges in gymnastics

Well done to all of them

CITIZEN OF THE WEEK

Jasmine for always being helpful in class
Clemence for always looking for ways to help others
Torbin challenging himself with his Reading and Writing
Lillia for good partner work in Reading lessons

Christmas at Glebeland

Thank you to everyone who has ordered a Christmas lunch for their child for the 15th December. If you have NOT emailed me regarding this I will assume you are sending your child in with a packed lunch on that day. If you would normally pay for your child's lunch you can do this on the Arbor App by simply 'topping up' your account.

Enrichment Clubs for Next Term

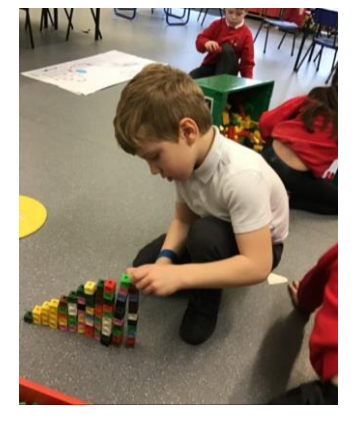

There will be a slight change to our after school enrichment clubs after the Christmas holidays. The Team Building club will be changing to Art Club. This will still be with Mrs Softley and still be on a Thursday. Lego, Recorders, Reading/Book and STEM Science Clubs will all still be available for everyone as will Storywriters Club with Mrs Wallace for years 5 & 6.

We are really pleased with how popular these clubs have been and we are continuing to explore the possibility of extending this provision to include additional clubs.

THIS WEEK IN CLASS

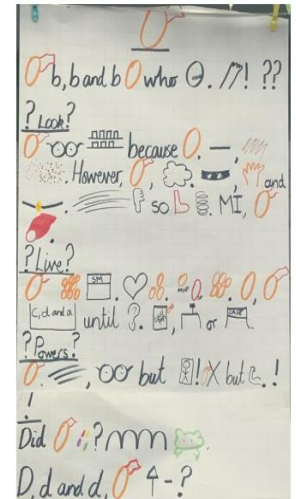

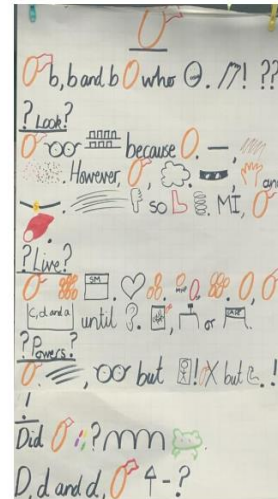

ROBIN CLASS

This week in Maths Robin class has been exploring the concept of one more and one less. We have imagined going on a bus ride and counting the people getting on and off the bus, built staircases from big and small blocks and are using our knowledge of one less to help us count down the days until Christmas!

WOODPECKER CLASS

Woodpecker Class have been using the 'Supertato' stories in English this week – they have loved this! We are now busy learning our model text.

STARLING CLASS

In art this week Starling Class has been working with clay. We made some beautiful pots using the coil method.

RED KITE CLASS

We've had another exciting week in our Spanish lessons as we've been learning all about Spanish foods! Mrs Burton kindly brought a range of food for us to try. We tried chorizo, Frittatas, Manchego cheese, olives and chocolate churros to name just a few! Not everyone loved the olives but the churros were a firm favorite.
