Issue 43 28th January 2022

Welcome

This week we have been focussing on Identity and Diversity in our assemblies and what it means to feel safe and have a sense of belonging.

We provide many opportunities to teach our children about the world around them and the diversity that brings a richness to the global society in which we live.

Friday is one of our favourite days of the week as we have our celebration assembly. Look out for your children bringing home their celebration certificates.

Best wishes, Mrs Scott

This Week's Awards

STAR OF THE WEEK

Jonah for his amazing dinosaur story
Jacob P for a fantastic attitude to Latin lessons
Meredith for being an enthusiastic learner
Rosie for persevering in Maths

Well done to all of them.

CITIZEN OF THE WEEK

Poppy for trying really hard to follow the Golden Rules
Henry for being really kind
Jacob W for being a kind and helpful member of class
Tyler S for being a good role model.

Enrichment Clubs

As from this Wednesday Mrs Franklin will be offering a Times Tables Rockstars Enrichment Club instead of Recorders. TT Rockstars is often used in class and is a fun way for the children to learn their Times Tables by setting them to music and songs. The club will run from 3:30 until 4:30 every Wednesday so if you would like to register your child for this club please use the Arbor App. There is no charge for this club.

This Week in Class

Robin Class

This week, Robin Class have been learning about how to safely manage risks whilst using the obstacle course. We discussed that when we are nervous it is our body's way of trying to protect us and warning us to be careful. After initially saying it was too high, the children confidently balanced their way around the obstacle course and were able to problem solve and show resilience in improving and modifying the course as they used it with adult support. It would be great to have some photos uploaded to Tapestry of the children applying this experience to take safe risks outside of school.

Red Kite Class

Red Kites are reading *Holes* by Louis Sachar as their class novel. This week we have been predicting what might happen and using inference to deduce what sort of person Zero is and what his upbringing might have been like.

Woodpecker Class

In class this week the children have been writing a shared journey tale. They had to plan ideas for the beginning, build-up, problem, resolution and ending before they began writing. They then ended the week by reading and editing their stories in order to make them even better.

Starling Class

In Latin we are following the Minimus programme. This involves learning some of the Latin language and also finding out about the people who lived and Vindolanda which was a Roman town near Hadrian's Wall in Northumberland.

We have a Vocabulary Wall in class which helps us to learn some of the Latin words that would have been used in daily life in Roman times.
