Welcome

Welcome to this week's Newsletter.

We have had another busy week and have all been thoroughly enjoying this beautiful weather. I understand it is set to continue over the weekend so I hope you are all able to make the most of it.

Ukraine Appeal

On Wednesday 30th March we will be having a cup cake sale to raise money for the Ukraine Crisis. The cup cakes will be made by the cookery club on Tuesday and all of the children in the school will get the opportunity to decorate one to take home on Wednesday in exchange for a donation to the appeal. Decorated cakes will also be available for sale at the end of the day.

Class News

Robin Class

This week Robins have had some special guests in the classroom - caterpillars! We are observing them every day to see them growing and changing and will release them once they have transformed into butterflies.

We have also been continuing our work on our big question about dinosaurs, by looking at the different habitats dinosaurs lived in and Robins worked together to build a nest big enough for dinosaur eggs.

Red Kite Class

Our recent Writing unit has been about reviews. Last week the class wrote some fantastic reviews of the production of Peter Pan this week they have chosen their favourite story or picture book to review.

Starlings

This week in Outdoor Learning, Starling Class recycled some plastic bottles and made them into planters.

Woodpeckers

Woodpecker Class have been creating an instruction book entitled 'How to Trap a'. Each class member has written a set of instruction explaining how to trap a creature of their choice.

After School Clubs

Cookery Club

This week we made and iced some chocolate cupcakes. Next week we will be making brownies to take home and also some more cupcakes for the other children to decorate to raise money for the Ukraine. The week after that is our final session and we will be making a strawberry and cream gâteau.

Art Club

In Art club over the past two weeks we have been making candle holders for Mother's Day. Here are some examples of our finished results.
