Message from Mrs Scott

Dear Families,

This week has been busy with rehearsals for various productions and leavers assemblies and I could not be more proud of the children's determination and commitment to their performances. I know that the children are very proud!

Unfortunately, and I apologise for the late notice, we have been unable to secure holiday provision this year for a number of reasons; such as building works and external staffing providers. I hope that this has not caused too much disappointment and we do hope that we are able to provide clubs in the future should we have enough interest.

I hope to be sharing some new plans for our break times and lunchtime provision soon which is very exciting! Keep an eye on the newsletters we send out.

A gentle reminder that our school day from September will be 8.30am - 3.15pm.

Have a lovely weekend,
Mrs Scott

Diary Dates

Sports Day

We are now able to confirm that our Sports Day this year will be on Monday 18th July from 1:30pm til 3:00pm. You are all cordially invited to attend if you would like to, to come along and support the children. We will provide the refreshments if you provide the vocal encouragement.

Leavers' Assembly

This will be on Wednesday 20th July at 8:45am and the parents of children in Year 6 are more than welcome to attend.

This week's Awards

Star of the Week

Jonah for working really hard on his alligator story
Dorothy for working hard on her information texts
Finley, Hope and Misha for great collaborative work on identifying figurative language
Tyler S for his exemplary behaviour both on and off the football pitch

Citizen of the Week

Poppy for teamwork during Maths
Meredith for always being polite with good manners
The whole Red Kites team for their dedication and fabulous attitude in our play – well done!!
William D for his positivity and determination

Class News

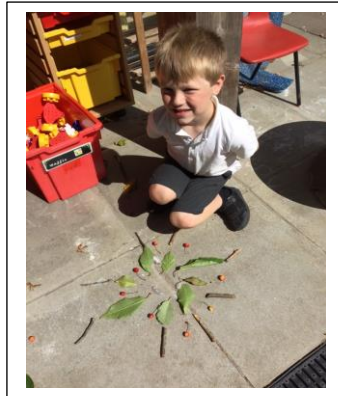

Woodpeckers

This week Woodpecker Class have been writing an information text about how to help animals suffering from the effects of pollution.

In Maths the children have been measuring in millilitres and litres as well as discussing and using positional language.

Robins

This week Robins have been exploring patterns in Maths and have learnt how to continue a pattern around a shape by making mandalas from natural resources. We have also been learning about how to keep our teeth healthy and have set up an experiment where half an egg shell is covered in toothpaste and half is not and are waiting to see what will happen to the egg shells when they are left in vinegar, coke and water!

Red Kites

Red Kites had a very successful performance of their play Jill and Fred's Most Hysterical Historical Adventure. The children showed great teamwork, dedication and perseverance and should be very proud of themselves – we certainly are!

Starlings

This week in their French lesson Starlings sampled some French foods and gave their opinions of each item. Then in Outdoor Learning they worked in teams to construct dens using various materials and perfecting their rope and string tying skills to make their structures strong and durable.
