

The Borders Partnership of Primary Schools

Glebeland Primary School Weekly Newsletter

Issue 4 Friday November 6th 2020

KEY DATES:

W/b 16th and 23rd November – Parents' Evening discussions.

LOCKDOWN

I think we all know the drill by now but please could I remind you all to maintain social distancing at pick up and drop off times. Please keep conversations to a minimum and contact the school office for a telephone appointment if you need to communicate with your child's teacher

PARENTS' EVENING

Parents' Evening discussions will take place over the phone this year. In the weeks beginning 16th and 23rd November you will be allocated a 10 minute time slot, or 20 minutes if your child has additional needs. If your appointment time is not suitable please contact the school office and we will do our best to accommodate you.

UNIFORM

Sadly our uniform suppliers have informed us that they are no longer able to supply the fleece jackets that have been an option for our school uniform for several years. As a result we have had to amend our uniform to a red sweatshirt. These can be ordered with the school logo embroidered on them from School Trends as normal. If your child is currently wearing a fleece, they can continue to do so until it needs replacing.

ROYAL BRITISH LEGION POPPIES

In addition to the usual Poppies this year the Royal British Legion have supplied us with some wrist bands, reflectors and zip pulls. If your child would like to purchase one of these please could you send them in with a donation. The suggested donation is £1.50 for the snap bands, £1.00 for the wrist bands, 50p for the reflectors and 50p for the zip pulls. All the items are available from the office.

On the subject of poppies as this year's Remembrance Services across the country have been cancelled, all of the children in the school have made a poppy picture to be displayed on a window or gate post on Sunday.

OUR LEARNING THIS WEEK

Class 3

In English we have been describing characters using adjectives and in Maths we have been working with three digit numbers. We have also been learning about an Egyptologist called Howard Carter and in Outdoor learning this week we made sparklers!

Class 4

This week in Class 4 we have been re-writing the myth of King Midas.

We also did a chromatography experiment in Science which was very exciting

Class 2

It was such a windy day on Monday that we went outside and used adjectives and verbs to describe the way the wind was blowing the leaves and trees. We used these words to make noun phrases and then to write poems.

We then performed our poems to the rest of the class.

Class 1

We have been learning the 'o' sound this week and we also found out about a man called Guy Fawkes. We also made our own fireworks pictures.

O for octopus

Fireworks
