## Weekly Newsletter

Issue 20 23<sup>rd</sup> April 2021

### MESSAGE FROM MRS SCOTT

Welcome to this week's newsletter.

How lovely to have the sunshine this week, it certainly raises our spirits!

Our children have been working tremendously hard on their presentation in their new exercise books and are showing an immense deal of pride in their work. In our assembly this week, we discussed resilience and determination; the children have been thinking about how to approach their learning when it feels a bit tricky and how it can make them feel.

Best wishes,

Mrs Scott

### THIS WEEK'S AWARDS

#### Citizen of the Week

Poppy – for always offering help and looking for a solutions to a problem

Jenson B – for being polite and kind

Isla – for great encouragement and teamwork in PE

Moses – for having a happy Friday

#### Star of the Week

Beorn – for working on improving his speech sounds

Ella – for working hard and concentrating well

Ezra – for excellence in PE

Maxim – for perseverance in Maths assessments

Jasmine – for excellent sentence construction

### PFA

As lockdown gradually starts to ease our PFA are looking forward to once more arranging and hosting events to raise funds for events and facilities for the children here at Glebeland.

They will be holding a meeting at the school on Friday 30<sup>th</sup> April at 9:00 am to discuss the way forward. The meeting will be held outside with the appropriate social distancing and we ask that you wear a face mask if attending please.

The focus of the meeting will be on future events when these are possible and also the election of officers as some key members of the committee have elected to step down as their children are no longer at Glebeland

### SCIENCE CLUB

We are delighted to announce the launch of our new Science Club who met for the first time on Monday. Our enthusiastic young scientists will be working towards the Crest Super Star Awards which means they need to complete 8 scientific investigations recording and analysing their results/

Their first challenge was to use different materials and adhesives to mend a hole in a bucket and assess the best combination.

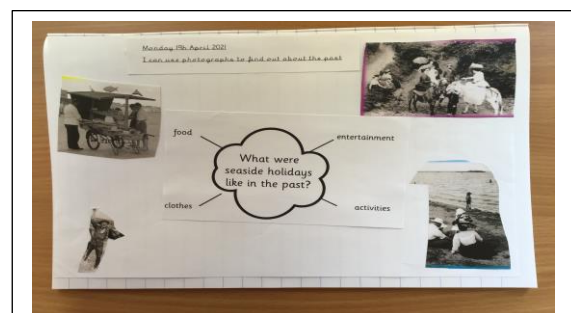

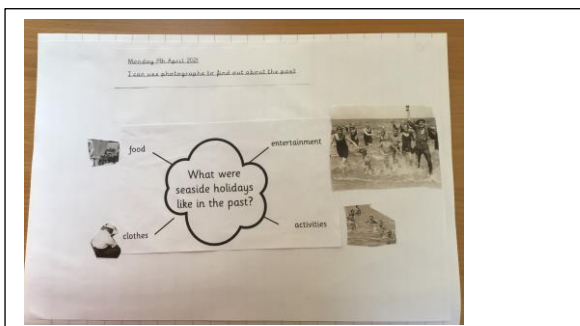

They learned the importance of only changing one variable in order to achieve accurate results for comparison.

They are looking forward to their next 'sticky' challenge on Monday

### THIS WEEK IN CLASS

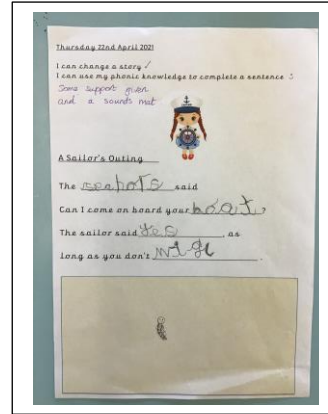

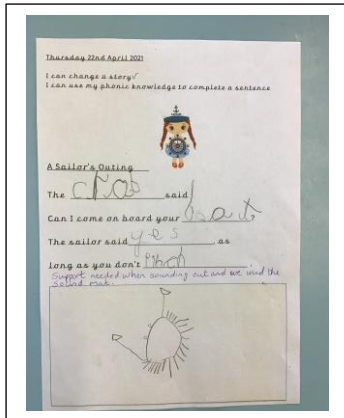

#### Class 2

We have been using old photographs to discover what seaside holidays were like long ago.

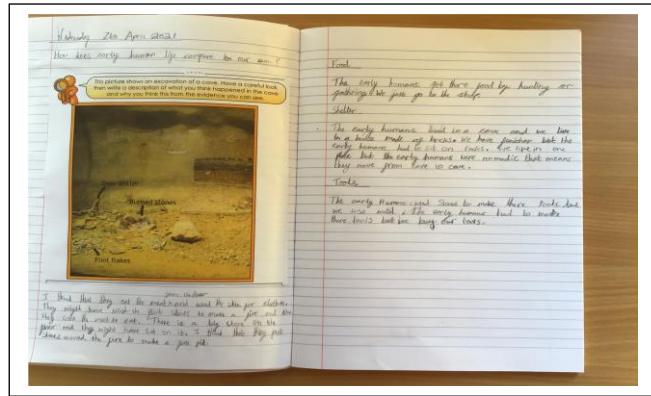

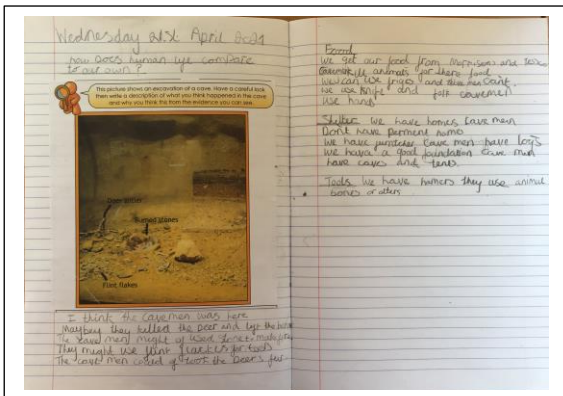

## Class 1

We have been writing our own stories based on 'Mr Gumpy's Outing' Our stories are called 'A Sailor's Outing'

## Class 3

We have been continuing our work on the Stone Age and imagining what might have happened in a cave many years ago by examining artefacts that were excavated there.

## Class 4

We have been continuing our work on World War II and have written News reports of the day war was declared
